Permit #:

Certified recreational vehicle or travel trailer shall be on site with correctly sized and matched power outlet at time of inspection. Park Model shall be on site with a feeder assembly consisting of not more than one 30 or 50 ampere supply cord with an integrally molded or securely attached cap, or a permanently installed feeder. Environmental Health approval required. **Units are not allowed to be occupied for more than 180 days.** They are considered a recreational type of vehicle; therefore, they are **not to be used as permanent dwelling units.**

Wells and pumps shall be installed at the time of inspection.

Misuse of any of the above-listed electrical services shall result in penalties and disconnection of power.

I hereby agree, as licensed contractor, to conform to all applicable Transylvania County Ordinances and State Building Code laws of North Carolina by signing this application and the permit.
